

Message from the Principal

On behalf of Marymount Primary School, I would like to extend our warmest welcome to you all. We are a Catholic girls' school with a proud history since 1927 and is now sponsored by Christian Life Community (CLC). Our girls are confident and cheerful with Care, Love and Compassion.

It is my honour to be the principal to serve our Lord, Jesus through working closely with my team of teachers and supporting staff.

With a strong connection with Marymount Secondary School, we are dedicated to supporting everyone in our Marymount community to GROW with God's wisdom and to SHINE for a better world.

With this vision in mind, we target to foster our girls' whole-person development. We would like to invite all parents to join us with our Values Education. Our **Shining Gems Programme** (P.1-6) is developed. With various student-centred experiential activities, we are devoted to plant the seeds of our 6 core values, namely **Responsibility** (Pearl Puppy), **Gratitude** (Crystal Cat), **Care** (Ruby Rabbit), **Integrity** (Lapis Lion), **Perseverance** (Diamond Donkey) and **Wisdom** (Opal Owl).

To prepare our next generation for such a rapidly changing world, our curriculum aims at unleashing our students' potential to become **MPS Thinkers, Makers** and **Presenters** so that they can be **future leaders** with MPS core values. Through "**HAPPY**" learning processes, our students' **literacy** in Chinese, Putonghua, and English, **digital literacy**, and **numeracy** are built up for a solid foundation and for enhancing their **self-learning** capacity so that their **generic skills** can be further developed. Among all generic skills, we put a strong emphasis on enhancing students' **creativity** and **collaboration** skills. We provide our students with varied learning experiences such as in-class group activities, cross-boundary learning, project learning week, media production, field trips, drama, team sports, and so forth.

"The Lord is my Light" is our school's motto. Let us find God in all things and let God be our guide. Let us keep praying for God's wisdom and love for the challenges ahead. With God, everything is possible. Let us work hand in hand for grooming our next generation with skills and values for the common good of the world.

Peace be with you always and God bless,

Brenda Lo

The Principal
